British Columbia Investment Management Corporation (BCI)
Victoria, British Columbia

Dear Hiring Manager:

I am writing to apply for the Technology Specialist Placement at British Columbia Investment Management Corporation (BCI). As someone who is always eager to learn and grow in my field, I believe that this is an excellent opportunity to gain valuable experience and enhance my skills in software development.

I have a deep fascination for the potential of technology to solve intricate problems, and I am continually refining my skills in developing efficient and dependable software solutions. Throughout my academic coursework, I have collaborated with multiple teams on diverse projects, gaining experience in different areas of software development. In addition to my academic projects, I have completed several personal projects, including developing mobile applications, building my personal web portfolio, and creating an obstacle-based game. These projects have given me the opportunity to work on my own, and I have developed strong problem-solving and debugging skills in the process.

While my resume does not explicitly mention experience with IT service management practices, I believe my coursework, personal projects, and work experience demonstrate my technical and problem-solving skills, as well as my ability to work effectively in a team and with customers. I have developed a strong foundation in software development through my ongoing engineering degree, and I am continuously expanding my skills by developing responsive websites with a focus on mobile-first approach, user experience, and accessibility. Additionally, my personal projects have enabled me to refine my proficiency in using tools like Excel, PowerPoint, Word, and Outlook. As someone who is always eager to learn and grow in my field, I believe this is an excellent opportunity to gain valuable experience and enhance my skills in software development.

Given my current work-term setup, I am available for either a 4 or 8-month co-op term and would be open to the possibility of participating in two consecutive terms. Thank you for considering my application. I look forward to the opportunity to further discuss how my skills and experience can contribute to your team.

Most Sincerely,

Arfaz Hossain
