**Thrive Health**

Victoria, British Columbia

Dear Hiring Manager:

I am writing to apply for the Software Developer Co-op Placement at Thrive Health. As someone who is always eager to learn and grow in my field, I believe that this is an excellent opportunity to gain valuable experience and enhance my skills in software development.

I have a deep fascination for the potential of technology to solve intricate problems, and I am continually refining my skills in developing efficient and dependable software solutions. Throughout my academic coursework, I have collaborated with multiple teams on diverse projects, gaining experience in different areas of software development. In addition to my academic projects, I have completed several personal projects, including developing mobile applications, building my personal web portfolio, and creating an obstacle-based game. These projects have given me the opportunity to work on my own, and I have developed strong problem-solving and debugging skills in the process.

In terms of the specific requirements outlined in the job posting, I am confident that my experience developing responsive portfolio websites with semantic HTML, CSS, Bootstrap and JavaScript aligns with the requirements of the role at Thrive Health. In addition to web development, mobile and desktop application development have always been a strong interest of mine, and I am constantly learning and developing my skillset. I have experience working with and developing applications for both Android and iOS devices throughout my personal projects, and I am currently working on two separate projects using Swift for iOS and Kotlin for Android. I am expanding my skills in ReactJS and React Native, which I plan to implement in my portfolio website and future projects.

Given my current work-term setup, I am available for either a 4 or 8-month co-op term and would be open to the possibility of participating in two consecutive terms. Thank you for considering my application. I look forward to the opportunity to further discuss how my skills and experience can contribute to your team.

Most Sincerely,

Arfaz Hossain
